- MUD & RUTS Tuned to Maximize Grip
- SAND Optimizes Power Delivery

Off-Road Sync Screen

Dedicated Screen For All
Off-road Features

- Dedicated button
- Driveline and differential lock indication
- Steering angle
- Pitch and roll angles
- Predictive track overlay

RANGER RAPTOR 3.0L V6 GASOLINE A/T

RANGER RAPTOR 3.0L V6 GASOLINE A/T

3.0L V6 Twin Turbo EcoBoost Engine*

Produces 397PS max power and 583Nm max torque, mated to a performance tuned 10-speed automatic transmission with an anti-lag system available in Baja Mode that is intended for off-road use only.

FOX 2.5" Live Valve Internal Bypass Shock Absorbers*

State-of-the-art internal bypass dampers that adjust electronically up to 500 times a second, reacting to the unfolding terrain and your driving style.

Selectable Drive Modes

Loaded with seven selectable drive modes for on and off-road. Go from rock crawling or desert running to the highway with the turn of a dial.

Front & Rear Locking Differentials*

Raptor is a desert racer at heart, with an added front and rear locking differentials for difficult or rocky terrain.

Selectable Exhaust Modes*

Control that Raptor rumble. Choose from Quiet, Normal, Sport or Baja exhaust modes. Select your own exhaust mode and store your preferences with the MyMode button.

Front and Rear Performance Seats

The cabin features jet fighter-inspired sports seats both in the front and rear with prominent bolstering that is more comfortable and supportive during spirited cornering.
